Tom,

The staff has performed a review of AREVA's proposed draft changes related to FSAR Chapter 2 Non-RAI Changes in Rev 6 and have no comments/questions for AREVA. The staff will perform a detailed review once the final revision 6 has been transmitted. Please let me know if you have any questions.

Thanks,

Phyllis

We should plan to discuss on the Monday 3/3/14 Public Phone Call. As was discussed in yesterday's EPR meeting, these Group A chapters should be top priority for everyone. There were only a few changes made to Chapter 2. I could walk the reviewer through those changes in 15 minutes if he is on the call Monday afternoon.

Thanks,

Tom Ryan

Hi Tom,

The technical reviewer was not able to complete the review and is out of the office until next week. Therefore, I will have to wait until he returns to provide a status update as to when he will complete his review.

Thanks,

Phyllis
