---

Ms. Fields –

As of March 4, 2014, the NRC has not received Mineral Ablation's White Paper. It is our understanding that MA is in the process of finalizing the White Paper.

Doug

**Subject:** Mineral Ablation White Paper

Dear Mr. Mandeville,

At a December 19, 2013 Meeting between the NRC and Mineral Ablation (MA), MA committed to submitting a White Paper presenting its views on the ablation technology and NRC's regulations by February 1, 2014.

It is now March 1, 2014, and I have been unable to locate any evidence that a White Paper was submitted to the NRC by MA or their legal representatives. Has the NRC received this White Paper?
