Control No.: 582199

Ms. Long;

This is in reference to the application dated September 12, 2013 requesting renewal of License No. 47-08019-01. In order to continue our review, we need the following additional information:

1. Your current license authorizes use of byproduct material for certain in vitro clinical or laboratory testing under 10 CFR 31.11. In your application to renew License No. 47-08019-01 you request the removal of authorization for 10 CFR 31.11 use. Please provide detailed information on the types and quantities of radionuclides used pursuant to 10 CFR 31.11, and, if those radionuclides have a radioactive half-life less than 120 days, the date of the last use of such materials. Alternatively, you may provide documentation of radiological surveys performed to demonstrate that these areas may be released for unrestricted use.
2. Please provide the manufacturer and model number of the detectors used with the portable survey instruments listed in Attachment 9.2 of your application.
3. Please provide contact information (telephone number and email) of Mr. Jay E. Prager, Chief Executive Officer. Additionally, please indicate whether this information is public.
