Dear Deputy Director:

Paragraph 2.4.4 of the US Army Garrison Hawaii Radiation Safety Plan (RSP) for license number SUC-1593 (docket number 040-9083) says, "The License RSO will notify the NRC, by telephone or email within 30 days of a change in the Garrison RSO. The notification will include the name and contact information of the new Garrison RSO. The License RSO will follow up the rapid notification with formal notification by letter." This letter is that formal notification and follows the "rapid notification" to Mr. Orlando of your staff by email.

The USAG Hawaii commander appointed Mr. James Winston to be the Garrison RSO vice Mr. Clint German on January 30, 2014. See the enclosed memorandum for record.

Mr. Winston meets the qualifications in paragraph 2.4.1 of the RSP. Mr. Winston and I will maintain documentation that demonstrates his compliance with training qualifications and will make this documentation available to NRC inspectors upon request.

His contact information is email: james.winston1.civ@mail.mil; telephone: (808) 655-1172; and mailing address: Garrison Safety Office, Building 682 (WAAS), Schofield Barracks, HI 96857-5000.
