Maine Yankee Independent Spent Fuel Storage Installation
NRC License No. DPR-36 (NRC Docket Nos. 50-309 and 72-30)

Subject: Revision 1 of the Maine Yankee Atomic Power Company's Standard Practice Procedures Plan

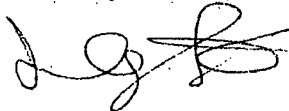

Pursuant to the requirements of 10 CFR 95.19(b) Maine Yankee Atomic Power Company provides Revision 1 to the Maine Yankee Atomic Power Company's Standard Practice Procedures Plan. On February 11, 2014, Maine Yankee named a new Facility Security Officer. As defined in 10 CFR 95.19(b)(1), this change is considered a minor non-substantive change to the Standard Practice Procedures Plan. The only other changes to the Maine Yankee Atomic Power Company's Standard Practice Procedures Plan were administrative changes to format.

Enclosure 1 is a complete copy of the Company's Standard Practice Procedures Plan.

This letter contains no commitments.

If you have any questions regarding this submittal, please contact Mr. Larry Jewett at (207) 882-1308.

Sincerely,

Wayne Norton
Chief Nuclear Officer

ENCLOSURE 1 TO OMY-14-016

**REVISION 1 TO MAINE YANKEE ATOMIC POWER COMPANY'S
STANDARD PRACTICE PROCEDURES PLAN**

**Maine Yankee Atomic Power Company
Standard Practice Procedures Plan
Revision 1**

Standard Practice Procedures Plan

The following Standard Practice Procedures Plan applies to facilities authorized to use but not possess classified information.

This document outlines the security responsibilities of: (Licensee Name)

Maine Yankee Atomic Power Company

with its principal office and place of business at (Street, City, State, and Zip Code)

321 Old Ferry Road, Wiscasset ME 04578

doing business at the address below:

321 Old Ferry Road, Wiscasset ME 04578

The provisions of our license with the Nuclear Regulatory Commission (NRC) does not require our company to receive, store, transmit, or originate classified information within our facility (ies). This company's personnel will, however, have authorized access to classified information at approved NRC facility(ies). The NRC security clearances granted our personnel have been issued by NRC Headquarters.

We understand our company will be responsible for ensuring that the following security requirements are met:

- Initial and Refresher briefings (every 3 years) are conducted and documented as required by 10 CFR Part 95, and that the SF-312, Classified Information Nondisclosure Agreement Form, is signed and processed prior to any access to classified information.
- Termination briefings are conducted and documented in accordance with 10 CFR Parts 25 and 95 for all cleared personnel leaving our employment, losing their clearances, or no longer requiring a clearance. Termination statements are forwarded to NRC Headquarters.
- Provisions of the Privacy Act are met when handling and mailing/delivering completed personnel security clearance request documents.
- Cleared company personnel are apprized of and comply with the personnel clearance reporting requirements.
- Foreign national employees are not placed in a position to exercise control or influence over properly cleared U.S. citizens who have been granted access to NRC classified information.
- Reporting requirements involving foreign ownership, control, or influence conditions are complied with.

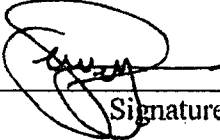

**Maine Yankee Atomic Power Company
Standard Practice Procedures Plan
Revision 1**

- Procedures are developed describing internal company processes for performing functions to accomplish each of the items above. Applicable company employees will be familiar and comply with security procedures and be informed of their individual responsibilities in executing and supporting these procedures.
- Designated representatives of NRC are required periodically to inspect the procedures, methods, and facilities utilized by the company in complying with the requirements of the terms and conditions of 10 CFR Parts 25 and 95. The company shall assist by providing necessary documentation for review.

CERTIFICATIONS

I have been designated Facility Security Officer and will be responsible for ensuring the above requirements are complied with.

Larry Jewett
