NUCLEAR REGULATORY COMMISSION**
REGION II
245 PEACHTREE CENTER AVENUE NE, SUITE 1200
ATLANTA, GEORGIA 30303-1257

March 19, 2014

Mr. David A. Heacock
President and Chief Nuclear Officer
Virginia Electric and Power Company
Dominion Nuclear
5000 Dominion Boulevard
Glen Allen, VA 23060-6711

**SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION PARTICIPATION IN THE
NORTH ANNA JULY 2014 EMERGENCY PREPAREDNESS EXERCISE**

Dear Mr. Heacock:

The U.S. Nuclear Regulatory Commission (NRC) routinely participates in licensees' emergency preparedness exercises to ensure that the NRC's Incident Response capabilities are effectively maintained, and to provide licensees an opportunity to exercise the interface with the NRC that may occur during the response to an incident at their sites. The purpose of this letter is to inform you of our intent to participate in your North Anna Emergency Preparedness Exercise that is scheduled to occur on July 8, 2014, which was previously discussed with Joseph Scott of the Dominion staff. The extent of participation will only involve regional response staff.

The Regional response will involve activating our Region II Incident Response Center and sending an NRC Site Team, including our resident inspectors, to the appropriate facilities for this exercise. Additionally, if requested by the state of Virginia, we will have an NRC participant at the State Emergency Operations Center. If our scope of participation changes, we will contact your emergency preparedness staff to discuss the changes. We will also be coordinating with your staff to schedule pre-exercise outreach discussions and meetings to address any questions or concerns related to our participation.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room, or from the Publicly Available Records (PARS) component of NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions concerning our participation, please contact our Senior Emergency Response Coordinator, Mr. Steven B. Rudisail at 404-997-4512, or me at 404-997-4653.

Sincerely,

/RA by Adam Nielsen Acting For/

Brian Bonser, Chief
Plant Support Branch 1
Division of Reactor Safety
