Standard Practice Procedures Plan for Nine Mile Point Nuclear Station

In accordance with 10 CFR 95.19, attached is a minor revision to the Nine Mile Point Nuclear Station Standard Practice Procedures Plan. This revision was performed due to a change in the individual designated as the Facility Security Officer and to reflect that refresher briefings are now conducted annually per 10 CFR 95.33. This updated Standard Practice Procedures Plan is provided for your information and replaces the previous version of the Nine Mile Point Standard Practice Procedures Plan dated August 30, 2011.

Should you have any questions regarding this matter, please contact me at (315) 349-5223 or Everett P. Perkins, Director Licensing, at (315) 349-5219.

Very truly yours,

Kevin J. Clark  
Director Security

## **Standard Practice Procedures Plan**

The following Standard Practice Procedures Plan applies to facilities authorized to use, but not possess classified information.

This document outlines the security responsibilities of: (Licensee Name)

Nine Mile Point Nuclear Station, LLC

with it's principal office and place of business at (Street, City, State and ZIP Code)

100 Constellation Way, Suite 200C, Baltimore, Maryland 21202

doing business at the address below:

348 Lake Road, Oswego, NY 13126

The provisions of our license with the Nuclear Regulatory Commission (NRC) do not require our company to receive, store, transmit, or originate classified information within our facility(ies). This company's personnel will, however, have authorized access to classified information at approved NRC facility(ies). The NRC security clearances granted our personnel have been issued by NRC Headquarters.

We understand our company will be responsible for ensuring that the following security requirements are met:

- Initial and Refresher briefings (annually) are conducted and documented as required by 10 CFR Part 95, and that the SF-312, Classified Information Nondisclosure Agreement Form, is signed and processed prior to any access to classified information.
- Termination briefings are conducted and documented in accordance with 10 CFR Parts 25 and 95 for all cleared personnel leaving our employment, losing their clearances, or no longer requiring a clearance. Termination statements are forwarded to the NRC Headquarters.
- Provisions of the Privacy Act are met when handling and mailing/delivering completed personnel security clearance request documents.
- Cleared company personnel are apprized of and comply with the personnel clearance reporting requirements.
- Foreign national employees are not placed in a position to exercise control or influence over properly cleared U.S. citizens who have been granted access to NRC classified information.
- Reporting requirements involving foreign ownership, control, or influence conditions are complied with.

- Procedures are developed describing internal company processes for performing functions to accomplish each of the items above. Applicable company employees will be familiar and comply with security procedures and be informed of their individual responsibilities in executing and supporting these procedures.
- Designated representatives of NRC are required periodically to inspect the procedures, methods, and facilities utilized by the company in complying with the requirements of the terms and conditions of 10 CFR Parts 25 and 95. The company shall assist by providing necessary documentation for review.
