March 5, 2014

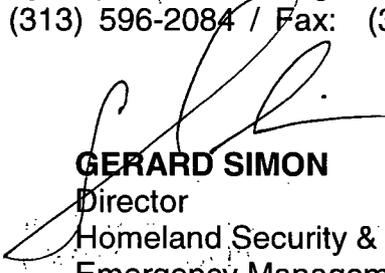

Director, Office of Federal and State Materials  
and Environmental Management Programs  
ATTN: GLTS, U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

**TO WHOM IT MAY CONCERN:**

We have been advised that the location of 13331 Lyndon, Detroit MI, 48227 has been identified as a repository of licensed radioactive material, specifically a number of Tritium Radio-luminescent Exit Signs.

This location was previously listed under the City of Detroit Department of Water and Sewage but is currently listed under the Office of Homeland Security & Emergency Management of the Detroit Police Department. It should also be noted that the location of the facility was incorrectly listed as 1331 Lyndon instead of the correct address of 13331 Lyndon and the Recipient Code was 717476.

Responsibility for this facility falls under the Detroit Police Department's Resource Management Section, 1301 Third Avenue, Detroit MI 48226. The Commanding Officer of this Section is currently Captain Eric Ewing. He can be reached at the following numbers: Office: (313) 596-2084 / Fax: (313) 596-2521.
