Docket Number 03033449  
Mail Control No. 583153

Mr. Sucese,

We received a request to add Mr. Van Sant as an authorized nuclear pharmacist to your license. In order to process the request we need the following additional information:

1. The waiver to accept pharmacists listed on agreement state licenses for PET use has expired. Therefore, please submit evidence of 700 hours of training completed by Mr. Van Sant along with a preceptor attestation. The NRC Form 313A (ANP) may be useful in documenting the training and experience and may be found at [http://www.nrc.gov/reading-rm/doc-collections/forms/nrc313a\(anp\).pdf](http://www.nrc.gov/reading-rm/doc-collections/forms/nrc313a(anp).pdf). Please note that training must have been completed within the last 7 years, or recent training documented.
2. In your response, please have management concur on the addition.

You may submit your response to my attention via email with a signed pdf or fax the response to 610-337-5269. If we do not receive a response within 30 days, we will assume you no longer require the amendment.

In addition, please confirm receipt of this email.
