REGULATORY DOCKET FILE COPY

Because of the nearness of San
onward to San Diego and the frequency
of Downwinds from the former city
to the latter, I believe it is your
duty and responsibility to the public
to conduct the upcoming licensing
hearings in San Diego. To hold
them anywhere else would be
a gross misuse of power.
Please respond as to the time
and date of this hearing.

Sincerely,

Dear People,

I am a San Diego resident and am very concerned about the upcoming licensing hearings for San Onofre units 2 & 3.

I feel that substantive questions about the safety of nuclear reactors have been raised over the past months, and many of my neighbors feel likewise. We would all like to have the opportunity to participate in the licensing hearings, and would thus appreciate it if you would plan the hearing for a site in SAN DIEGO, in the evening, so that the people of the county can attend.

I am a medical student; health care workers, who are well educated and vitally interested in nuclear power, could not leave their work to attend.

Thank you
