SAFETY EVALUATION REPORT
Docket No. 71-9261
Model No. HI-STAR 100 System
Certificate of Compliance No. 9261
Revision No. 9

SUMMARY

By application dated February 11, 2014, Holtec International (Holtec) requested renewal of Certificate of Compliance No. 9261, for the Model No. HI-STAR 100 System. Holtec did not request any changes to the package design or its authorized contents. In addition to the renewal request, Holtec requested a revision to the company's address. The certificate has been renewed for a five year term.

EVALUATION

The staff reviewed the documents referenced in the certificate and determined that the documentation was available and complete. The staff also reviewed the operating and maintenance procedures for the package submitted by the certificate holder, and found them to be complete and adequate. The staff made editorial revisions to the certificate, and revised the certificate holder's mailing address.

CONDITIONS

The previous Condition No. 12 has been removed and previous Condition No. 13, "Expiration Date," was renumbered as new Condition No. 12.

Condition No. 12 has been updated to reflect the new expiration date.

The references section has been updated to include this amendment request.

CONCLUSION

The certificate has been renewed for a five year term, which expires on March 31, 2019. Based on the statements contained in the application, and the conditions listed above, the staff concludes that the changes indicated do not affect the ability of the package to meet the requirements of 10 CFR Part 71.
