

**13.2 Training**

A COL applicant that references the U.S. EPR design certification will provide site-specific information for training programs for plant personnel. Additional information on training is provided in Section 18.9.

A COL applicant that references the U.S. EPR design certification will assess their training program to demonstrate that the spent fuel pool instrumentation will be maintained available and reliable in an extended loss of all AC power. Personnel shall be trained in the use and the provision of alternate power to the safety-related level instrument channels.
