Good morning Chandu,

To help expedite this process, please return the original approved format for the first two questions. The current format for these two questions was neither approved by myself or my management, and is inconsistent with the remaining questions. Also, I noticed that there is duplicate information in the twelfth question that was not noticed before and will need to be removed.

In addition, I noticed that there are multiple format sizes for these questions. Can you please fix this too.

Thank you for your support.

Judy
