**Docket:** NRC-2014-0002

Emergency Planning Exemption Requests for Decommissioning Nuclear Power Plants

**Comment On:** NRC-2014-0002-0003

Emergency Planning Exemption Requests for Decommissioning Nuclear Power Plants; Extension of Comment Period

**Document:** NRC-2014-0002-DRAFT-0009

Comment on FR Doc # 2014-05105

## Submitter Information

**Name:** Michael "Anonymous"

## General Comment

It is insane to allow utilities to cease evacuation plans as long as spent fuel exists in pools, which as we've seen with Fukushima, can be even more dangerous than the reactor itself. Please use common sense in requiring the industry to continue providing emergency planning at least through their dry casking all of the nuclear waste. Thank you for your consideration.
