Hi Bryan,

Please see the attached form. Let me know if this is what you were looking for, or if you need something in addition to this form.

Thanks,

Tim

Hey Tim,

I'm working on the renewal for Perry County Memorial Hospital (NRC Lic. No. 13-26529-01) and it looks good. However, I could use 1 piece of additional info to complete the package. Could you send me a copy of the Delegation of Authority for their RSO, Leo Gronquist?

He is being carried over as the RSO so I assume he has a DoA on file. So it doesn't matter if it is "old" or they can provide an updated one. Either way.

A pdf attached to an email back to me will suffice.

Let me know if you have any questions.

Thanks.

Bryan

Re: Radiation Safety Officer/Executive Management  
Letter of Understanding

Dear Leo Gronquist:

You have been appointed the Radiation Safety Officer (RSO) of this facility for our United States Nuclear Regulatory Commission Materials License. This "Letter of Understanding" is prepared to comply with Title 10 Code of Federal Regulations (CFR) Part 35.24(b). This section of the regulations requires that you agree in writing to the following:

Assume responsibility for implementing the Radiation Protection Program.

Ensure that radiation safety activities are being performed in accordance with our own approved procedures and all regulatory requirements.

Furthermore, in compliance with 10 CFR 35.24 (e), (g), the executive management of this facility agrees to provide you as RSO:

1. Identify radiation safety problems;
2. Initiate, recommend, or provide corrective actions;
3. Stop unsafe operations; and
4. Verify implementation of corrective actions.

Our signatures noted below will attest to the issues noted above. Please make a copy of this document for your files and return the original to my attention.

Sincerely,

  
Executive Management

  
Radiation Safety Officer
