Subject: Request for additional information

Good Morning,

This is in response to your letter dated, August 29, 2013 requesting an amendment to your registration certificates to add Alpha-Omega Services, Inc. as a new source manufacturer. In your letter you indicated that Nucletron has established a manufacturing agreement with Alpha-Omega Services, Inc. of Bellflower, CA. Meanwhile, in the last paragraph of your letter you requested the amendment to reflect the new source manufacturer as Alpha-Omega Services, Edgerly, LA. Please explain this apparent discrepancy and provide the complete address of the new source manufacturer to be included in your registration certificates.

The information should be submitted in an official company letter via facsimile at 301-415-5955 or as an attachment to an e-mail.

Please submit the requested information within 30 days of the date of this e-mail. If we have not received complete information within 30 days of the date of this e-mail we will consider your application/amendment request as abandoned by you. This is without prejudice to the submission of a complete application.

Thanks,
Lymari Sepulveda, General Engineer
U.S. Nuclear Regulatory Commission
FSME/MSSA/LB
(301)415-5619
