Dear Mr. McConnell,

I have been asked by Ms. Nancy Nuttbrock, Administrator of the Land Quality Division of the Wyoming Department of Environmental Quality, to respond to your letter dated May 29, 2012. Please be advised that LQD has reviewed the details of your letter and we accept the changes as outlined. We intend to continue settlement monitoring, pumping from recovery well R-4 and sampling of the monitoring wells. We will also provide an annual report of these activities to NRC. We appreciate the NRC's willingness to work with us to remediate the ANC site.

Sincerely,

Mark Moxley
