

Georgia Department of Natural Resources

Radioactive Materials License

Supplementary Sheet

Page 1 of 1 Pages

License Number GA 1430-1

Amendment Number .05

Paper Making Controls Services, Inc.
454 Cherokee Drive
Moultrie, Georgia 31768

In accordance with request dated October 10, 2012 and received via fax on September 13, 2013, and follow up correspondence dated September 25, 2013, license number GA 1430-1 is hereby terminated.

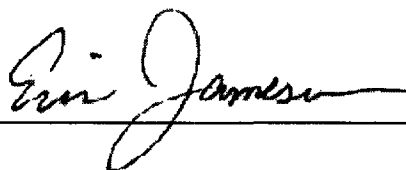

Additionally, based on conversations with Mr. Hobson, the Florida Radiation Control Program, and the fact that Florida RAM license 4309-1 is issued for service only (not manufacture and distribution of new products), the Georgia Radioactive Materials Program is also forwarding SS&D certificate GA-1208-D-101-G to the U.S. Nuclear Regulatory Commission for transfer to inactive status. This will not have an impact on PMCS's existing customers; they will still be able to use the gauges. PMCS will not be able to sell and install any additional gauges.

(RAM was only used in the field at customer locations for source receipt and exchange; survey at license address confirmed no radioactive material was present/left behind)

Mr. Robert M. Hobson
President & Radiation Safety Officer
Paper Making Controls Services, Inc.
516 East 1st Street
Port St. Joe, Florida 32456

Dear Mr. Hobson:

In accordance with request dated October 10, 2012 and received via fax on September 13, 2013, and follow up correspondence dated September 25, 2013, license number GA 1430-1 is hereby terminated. Enclosed is amendment 05, which terminates the license.

Additionally, based on conversations with Mr. Hobson, the Florida Radiation Control Program, and the fact that Florida RAM license 4309-1 is issued for service only (not manufacture and distribution of new products), the Georgia Radioactive Materials Program is also forwarding SS&D certificate GA-1208-D-101-G to the U.S. Nuclear Regulatory Commission for transfer to inactive status. This will not have an impact on PMCS's existing customers; they will still be able to use the gauges. PMCS will not be able to sell and install any additional gauges.

If you should have any questions concerning the enclosed termination, please contact me via telephone at 404-362-2675, or via electronic mail at ejameson@dnr.state.ga.us.

Sincerely,

Eric T. Jameson
