OFFICE OF THE SECRETARY
RULES AND REGULATIONS
ADJUDICATION STAFF

May 25, 1999

VIA FEDERAL EXPRESS

SERVED JUN 11 1999

Dr. Shirley A. Jackson
Chairman
U.S. Nuclear Regulatory Commission
Two White Flint North
Rockville, MD 20852-2738

Dear Chairman Jackson:

I wrote to you on May 13, 1999, concerning the State of Utah's efforts to regulate uranium recovery operations in violation of their Agreement with the NRC under Section 274 of the Atomic Energy Act. I just received a copy of a letter that Governor Michael Leavitt wrote to you on behalf of the State of Utah, dated May 21, 1999, in response to my May 13 letter. I attach a copy of Governor Leavitt's letter for your reference.

Governor Leavitt suggests, among other things, that my letter represents an *ex parte* communication regarding Utah's appeal of the Presiding Officer's decision In the Matter of International Uranium (USA) Corporation, LBP-99-5 (February 9, 1999) ("Ashland 2"). We respectfully disagree with the Governor. Our intent was to notify the Commission of the State's promulgation of proposed Rules R313-12-3 and R313-25-36, which were, and still are, out for public comment.

Under 10CFR2.78, interested persons may not make *ex parte* communications *relevant to the merits of a proceeding*. The Ashland 2 appeal goes to the interpretation and application by the NRC of its guidance in the determination of materials qualifying as alternate feeds in uranium mills. Unlike Governor Leavitt's letter, which does appear to address some of these issues, my letter addresses separate actions by the State of Utah which represent an attempt to decide what materials qualify as alternate feeds *irrespective* of NRC determination, including the pending Commission decision on Ashland 2. The most pressing of these actions is the promulgation of proposed Rules R313-12-3 and R313-25-36. My letter addressed the jurisdiction (or lack thereof) of the State of Utah to adopt these rules under their Agreement with the NRC and was not intended to address the matter under appeal. Furthermore, my comments on the proposed rules apply regardless of the outcome of the Commission's decision on the Ashland 2 appeal.

Aside from the issue of relevancy, 10CFR2.4 defines an *ex parte* communication as one made "not on the public record with respect to which reasonable prior notice to all parties

is not given." The extensive list of persons to whom my May 13 letter was copied, together with the fact that it addresses a publicly proposed State initiative, demonstrates that we did not violate the ex parte rule.

Notwithstanding the foregoing, I sincerely regret any confusion or misunderstanding that this letter may have created. Nevertheless, the issues raised in my letter are serious and must be addressed during the public comment period for the proposed rules. The integrity and viability of the Agreement State program demand no less.

Thank you for your further consideration of these issues.

Sincerely,

Earl E. Hoellen

President and Chief Executive Officer
