Dear Mr. Goorevich:

Enclosed is an application (XSNM3753), dated May 5, 2014, received by the U.S. Nuclear Regulatory Commission (NRC), from the U.S. Department of Energy/New Brunswick Laboratory. The application requests the export of highly-enriched uranium in the form of metal pieces to Belgium to be used for nuclear safeguards measurements at the Institute for Reference Materials and Measurements.

Assurances from EURATOM that the material will be subject to all of the terms and conditions of an agreement for cooperation are required. Your assistance in obtaining the necessary assurances will be appreciated.

Please note that the applicant has requested expedited review of this application in order to meet the EURATOM and international safeguards agreements.

Sincerely,

A handwritten signature in blue ink, appearing to read "Brooke G. Smith".
