

Regulatory Guide Periodic Review

Regulatory Guide Number: **3.69**
Title: **Topical Guidelines for the Licensing Support Network**
Office/division/branch: **DFCSS/SFAS**
Technical Lead: **Christopher Markley**
Recommended Staff Action: **Revised with no issues identified**

1. What are the known technical or regulatory issues with the current version of the Regulatory Guide (RG)?

There are no known regulatory issues with this RG; it is being maintained because it pertains to the current regulations in Subpart J of 10 CFR Part 2. The LSN was, however, shut down at the end of FY 2011.

2. What is the impact on internal and external stakeholders of not updating the RG for the known issues, in terms of anticipated number of licensing and inspection activities over the next several years?

There are no known impacts.

3. What is an estimate of the level of effort needed to address identified issues in terms of full-time equivalent (FTE) and contractor resources?

Not applicable because there are no issues identified above.

4. Based on the answers to the questions above, what is the staff action for this guide (Reviewed with no issues identified, Reviewed with issues identified for future consideration, Revise, or Withdraw)?

Reviewed with no issues identified.

5. Provide a conceptual plan and timeframe to address the issues identified during the review.

Not applicable.

NOTE: This review was conducted in April 2014, and reflects the staff's plans as of that date. These plans are tentative and subject to change.
