SUBJECT

C/N 581635 – Application for renewal of license number 13-03341-03.

SUMMARY

Please provide the following information:

1. Submit the manufacturer and model numbers of all sealed sources that you are requesting be authorized on your license.
2. Your waste manifest and radwaste shipping papers indicate that you disposed of lead-210, however in your application you requested to keep authorization of item 6.L. on your license, which is lead-210. Please verify that you wish to keep this item on your license.
3. It is our understanding that you would like to maintain authorization to redistribute cesium-137 sources and wish to add barium-133 sources for redistribution. Please confirm and describe the purpose for the redistribution.
4. The waste manifest and shipping papers that you submitted indicate that you disposed of carbon-14, barium-133 and uranium-235. However, in your application you stated that you would like to keep these radionuclides on your license. Please explain.

Please submit a written response no later than January 28, 2014.
