Mr. Veckman,

The owners listed in the documentation you provided are Mr. Eralp and Mr. Lynch. The March 25th letter is only signed by Mr. Eralp. Unless Mr. Eralp has a majority share of the company, we need something signed by Mr. Lynch affirming his commitment to abide by the transferor's commitments, i.e., to abide by the NRC license, rules, and regulations.

You may provide this document via email if it's scanned and forwarded as an attachment.

Thank you for your cooperation.

Mr. Veckman,
I have another request. Please revise page two of the letter, regarding the storage location, to state simply that the material is stored at the Annapolis office. It is our policy to withhold from public any documents containing the exact location within a building/site where the material is stored. This is to avoid providing information to any potential adversary that may exploit it.

If you have any questions about this request, let me know.

Thanks,
