Subject: Correction to Application For Renewal of Materials License 21-02335-08

Dear Sir or Madam:

In DTE Energy's application for renewal of Materials License 21-02335-08, text on line 8 of information supporting NRC Form 313 was cut off. Line 8 should read as follows:

NRC Form 313 Line 8:
Training For Individuals Working In or Frequenting Restricted Areas

DTE Response:
Before using licensed materials, authorized users will have successfully completed one of the training courses described in Criteria in the section entitled, "Training for Individuals Working In or Frequenting Restricted Areas" in NUREG-1556, Vol. 1, Rev. 1, dated November 2001.

If you have any questions or require additional information, please contact me at 734-586-5146.

Sincerely,
