**JOINT MOTION FOR LEAVE TO FILE
SECOND SUPPLEMENTAL APPENDIX**

Pursuant to Circuit Rule 30(e), the parties—Shieldalloy Metallurgical Corporation, the United States Nuclear Regulatory Commission, the United States of America, and the State of New Jersey— jointly request that the Court grant them leave to file a Second Supplemental Appendix in this case. The Second Supplemental Appendix consists of a single section (17.7) of a technical document, NUREG-1757, Consolidated Decommissioning Guidance, Vol. 1, that is identified in the Certified Index of the Record. The parties have cited to (and included in the Joint

Appendix) specific pages of this section in their briefs. The Federal Respondents had requested that the entire section (consisting of 26 pages) be included in the Joint Appendix so as to provide suitable context for the pages of the document that were cited, but, as a result of a miscommunication between counsel, the additional pages were inadvertently omitted.

Accordingly, the parties request leave of the Court to file a Second Supplemental Appendix.

Respectfully submitted,
