Re: Control No. 582776

Dear Mr. O'Dowd,

Enclosed please find an updated and signed copy of the RSO Delegation of Authority for St. Alexius Hospital as requested.

I would also like to ask that the application for 35.300 authority be removed from our license renewal request. If required we will submit an amendment request at a future date.

If you have any need for additional information please feel free to contact me.

Sincerely,

Dear Dr. Cabrera

You have been appointed Radiation Safety Officer for St. Alexius Hospital and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations when justified to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time. It is estimated that you will spend 1-2 hours per week conducting radiation protection activities.

By signing the statement below, you are acknowledging your acceptance of this position and the above-described responsibilities

Sincerely,

Michael Motte
Chief Executive Officer

I, the undersigned, accept the position of Radiation Safety Officer as named on NRC Radioactive Materials License Number 24-01381-01.
