Blue Bell, PA 19422-0858

SUBJECT: C&D TECHNOLOGIES RESPONSE TO NUCLEAR REGULATORY COMMISSION
INSPECTION REPORT 99901385/2014-201 AND NOTICE OF
NONCONFORMANCES

Dear Mr. DiMauro:

Thank you for your May 21, 2014, letter in response to the Notice of Nonconformance that was discussed in the subject U.S. Nuclear Regulatory Commission (NRC) inspection report (IR).

We have reviewed your letter and find that it is generally responsive to the NONs documented in IR 99901385/2014-201. We have no further questions or comments at this time related to the NONs and may review the implementation of your corrective actions during a future NRC staff inspection to determine whether full compliance has been achieved and maintained.

As stated in your response, Part 21 evaluations are ongoing for all issues identified during the NRC inspection. When you complete these evaluations, please notify Stacy Smith via electronic mail at stacy.smith@nrc.gov. As stated in the subject inspection report, the completion of these evaluations, and subsequent NRC review of this information, is needed to resolve Unresolved Item 99901385/2014-201-01.

Sincerely,

/RA/

Richard A. Rasmussen, Chief
Electrical Vendor Inspection Branch
Division of Construction Inspection
and Operational Programs
Office of New Reactors

Docket No.: 99901385
