Subject: RE: DRAFT 2nd RAI

Let's plan for a full day on June 5th; please provide an agenda and list of attendees along with their affiliation.

Please note that no further changes were made to the draft 2nd RAI provided on May 19th. So the questions in the courtesy copy will be issued as the final questions once the response due date is agree on. We will need to further explore the due date as I am unable to commit to August 22nd; let's discuss.

Subject: RE: DRAFT 2nd RAI

Dr. Longmire,

With regard to the reply date, we propose August 22, 2014. Some of our replies are contingent on clarification we'll get at the public meeting. And we'll need several weeks after the public meeting to incorporate comments, etc. and achieve a thorough review. Also, if we need to revise the license to incorporate new information, we may need to schedule a PORC meeting, which adds at least a week to the schedule.

With regard to the public meeting date, we can offer some rough parameters, but not a commitment date yet. Our team is meeting on Thursday to discuss the RAIs and the public meeting, so we can provide more precision by Thursday afternoon. In the meantime, here are some schedule parameters:

- June 5th would be the earliest possible (if we give notice on Thursday)
- I am on vacation June 9-13
- So, the week of 6/16 looks the most promising, but we will need to confirm (on Thursday)

Thank you,

Glenn Adams

Subject: DRAFT 2nd RAI

Per our conversation, you will provide dates for responses to the 2nd RAI and the date for the public meeting by Wednesday, 5/21/2014. We discussed a July 29, 2014 due date for the responses to 2nd RAI.

Subject: DRAFT 2nd RAI

Glenn –

Please find attached the draft of the 2nd request for additional information (RAI). I will reach out to you today to discuss when the responses are due to the NRC. That date will be documented in the RAI transmittal letter. Additionally, we will confirm the date in the first week in June for the public meeting where the NRC will provide any clarification about the questions in the RAI.
