Re: Amendment to 21-11651-01

Dear Madam or Sir:

We wish to amend our Materials License 21-11651-01 as follows:

REMOVE ADDRESS OF USE

1695 West Twelve Mile Road
Suite 200B
Berkley, Michigan 48072

In support of this request we have enclosed NRC Form 314 as required. We respectfully request simultaneous action by NRC to grant this amendment request as well as review and approve an application for a new Materials License for this facility (Associates of Medicine, P.C.) under completely different ownership and management which is under separate cover.

Once the new Materials License is granted secure possession and use of all byproduct material will be transferred to Associates of Medicine, P.C. Final close out surveys and wipe tests will be performed on 6/27/14. By contractual agreement, release and change of ownership is scheduled for 07/01/14.

Thank you for your prompt attention to these matters. We look forward to our amendment. If you have any questions pertaining to St. Joseph Mercy Oakland and Materials License 21-1165-01, please contact our Medical Nuclear Physicist, Thomas M. Kumpuris, M.S., FACR tkumpuris@mpcphysics.com

Sincerely,

Licensees should describe the specific radioactive material transfer actions. If radioactive wastes were generated in terminating this license, the licensee should describe the disposal actions taken, including the disposition of low-level radioactive waste, mixed waste, greater-than-Class-C waste, and sealed sources.

Section B, Item 2.a.
