The Description, Technical Evaluation, Regulatory Evaluation (including Significant Hazards Consideration), and Environmental Considerations for the proposed changes in the License Amendment Request (LAR) are contained in Enclosure 1 to this letter. The proposed markups depicting the requested changes associated with this requested amendment are contained in Enclosure 2 to this letter. **Enclosure 3 provides markups to the figures containing security-related information protected under 10 CFR 2.390(d). Please withhold Enclosure 3 from public release.**

SCE&G requests NRC staff review and approval of the proposed license amendment by April 28, 2015. This license amendment will be implemented by SCE&G within 30 days of approval.
