Subject:

RAI RE letter dated March 14, 2014, regarding the transfer of control of the license above.

Discussion: I informed Mr. Eralp that the contents of the letter and its attachments was used in making our decision to authorize transfer of the license and consequently, must be made publicly available. We discussed the contents of the Stock Purchase Agreement and other attachments and Mr. Eralp stated that some of the information is proprietary and concerns personal privacy and requested portions be redacted for those reasons. In order for us to complete our review and issue the amended license, I asked that he provide a redacted copy of the document so that it may be made available to the public. I informed him that redaction or removal of the entire document or attachment is not an option and that only those portions necessary to protect security, proprietary and personal privacy information from becoming public should be redacted.

I informed Mr. Eralp that, in accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy their response will be made available electronically for public inspection in the NRC Public Document Room or from the NRC document system (ADAMS), accessible from the NRC website at http://www.nrc.gov/reading-rm/adams.html. To the extent possible, they should not include any personal privacy, proprietary, or safeguards information.

Based on our conversation, Mr. Eralp agreed to provide a redacted copy of the subject letter and its enclosures as soon as possible.
