Our Mission

U.S.NRC
United States Nuclear Regulatory Commission
Protecting People and the Environment

The NRC licenses and regulates the Nation's civilian use of radioactive materials to protect public health and safety, promote the common defense and security, and protect the environment.

Our Landscape

U.S.NRC
United States Nuclear Regulatory Commission
Protecting People and the Environment

Looking Back

U.S.NRC
United States Nuclear Regulatory Commission
Protecting People and the Environment

- More Risk Informed Licensing
- Improvements to the Inspection Program
- Increase Security and Safeguards
- Increase Focus on External Events

Looking Forward

U.S.NRC
United States Nuclear Regulatory Commission
Protecting People and the Environment

- Revised Fuel Cycle Oversight Process
- Corrective Action Program
- Operating Experience
- Guidance Development
- Emergent Issues
- Cumulative Effects of Regulation
