**ALL STATE LIAISON OFFICERS**

**U.S. NUCLEAR REGULATORY COMMISSION INFORMATION NOTICE 2014-09, "SPENT FUEL STORAGE OR TRANSPORTATION SYSTEM MISLOADING" (FSME-14-065)**

**Purpose:** To provide notice of the availability of the U.S. Nuclear Regulatory Commission (NRC) Information Notice 2014-09, "Spent Fuel Storage or Transportation System Misloading."

**Background:** On June 23, 2014, the NRC issued an information notice to certain NRC licensees of spent fuel pool and spent fuel dry storage cask misloading events informing them of events at Title 10 of the *Code of Federal Regulations* (10 CFR) Part 50 and Part 72 licensees.

**Discussion:** Information Notice 2014-09, "Spent Fuel Storage or Transportation System Misloading," (NRC Agencywide Documents Access and Management System (ADAMS) Accession No. ML14121A469) is available at: <http://adamswebsearch2.nrc.gov/webSearch2/main.jsp?AccessionNumber=ML14121A469> or <http://www.nrc.gov/reading-rm/doc-collections/gen-comm/info-notices/>. The Information Notice was also issued to Part 71 users, because similar operating procedures may be used to load transportation casks; and there is the possibility of similar misloading events. The recipients of the Information Notice are expected to review the information within the notice for applicability to their facilities or cask designs and to consider actions to take, as appropriate, for their facility or cask design.
