Subject: Additional time extension request for RAI dated April 24, 2014
Date: Monday, June 23, 2014 4:33:24 PM
Importance: High

Mr. Ryder:

Penn State University (PSU) requests a additional 30 day extension to respond to your RAI letter of April 24, 2014. In addition to teleconferences with the NRC on May 5 and May 15, 2014 which delayed PSU's reply to a due date of today (6/23/14), our independent auditor is late in providing PSU a draft letter addressing the off-balance sheet topic of RAI Item 1. We have communicated to the auditor that we require a timely reply from them but we require additional time to address item 1 of the RAI. PSU requests an additional 30 day extension.

Thank you and please let me know if you need additional information.

Sincerely,
Jeff Leavey
