Reason for Update: (Narrative description of reason for update, such as appropriate Manual Chapter reference, licensee representative contact including date and method of contact, or other reason for update):

The licensee has not conducted principal activities in some time and recent inspection prompted them to seek "possession only/standby" status since they possessed material but did not have plans to use it due to resource constraints. License is due to expire in May 2017, so the status can be re-evaluated then. Program code is changed in accordance with HQ guidance based on memo dated 01/19/05 (provided as response to RIII TAR dated 03/12/12).
