Dear Mr. Robinson:

Re: Contract No. NRC-HQ-12-C-04-0066, Lateral Earth Pressure

Pertaining to the work being performed under Tasks 1-4 of this contract, I would like to request a no-cost extension through March 25, 2015. The requested extension is motivated by: i) the logistics and time incurred in setting up formal sub-award contractual agreements with the project partners at three different universities, and ii) initiation of the coordinated effort and expenditures by the said sub-contractors. At this point, all such agreements are in place and the work for Tasks 1 - 4 is on track to be completed by the requested extension date. In consideration of this request, an interim project report, due December 12, 2014 will be provided at no additional cost to the Government.

Thank you for your attention in this matter.

Sincerely,

Ahmed Elgamal Professor of Structural Engineering
