Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 50-261/20

Thank you for your response of October 26, 1990, to our Notice of Violation issued on September 27, 1990, concerning activities conducted at your H. B. Robinson facility. It is our understanding, based on a telephone conversation with Messrs. J. Kloosterman and M. Page of your staff on November 16, 1990, that the programmatic concerns related to the subject violation have been factored into your present Pump and Valve Inservice Testing Program review/upgrade efforts. Accordingly, we find that your response meets the requirements of 10 CFR 2.201. We will examine your corrective actions during future inspections.

If your understanding of this matter is different, please notify this office.

Sincerely,

(Original signed by FSCantrell/for)
