H. B. ROBINSON STEAM ELECTRIC PLANT, UNIT NO. 2

DOCKET NO. 50-261/LICENSE NO. DPR-23

TRANSMITTAL OF EMERGENCY PLAN AND PROCEDURE REVISIONS

Gentlemen:

In accordance with 10 CFR 50.54(q), 10 CFR 50, Appendix E, and 10 CFR 50.4(b)(5), we are transmitting the enclosed revisions to the H. B. Robinson Steam Electric Plant (HBRSEP), Unit No. 2, Plant Emergency Plan and the Plant Emergency Procedures (PEPs). The effective date for the enclosed plan and procedure changes is May 31, 1996; therefore, this submittal is due by July 1, 1996.

We have reviewed the changes to our Plant Emergency Plan and determined that they do not decrease the effectiveness of the plan, and the plan, as changed, continues to meet the standards of 10 CFR 50.47(b) and the requirements of 10 CFR 50, Appendix E.

The procedure changes are the result of a revision to the entire body of PEPs and a redesignation as Emergency Procedures (EPs). A discussion of the changes is included as Enclosure 1. A cross-reference of the Plant Emergency Plan revisions with the affected section identified and a discussion of the reason for each of the changes is included as Enclosure 2.

Enclosures

1. Revisions to Plant Emergency Procedures.
 2. Cross-Reference of Plant Emergency Plan Revisions with Affected Sections.
- c: Mr. S. D. Ebnetter, Regional Administrator, USNRC, Region II
(w/Enclosures including 2 copies of Plant Emergency Plan and procedures)
Mr. W. T. Orders, USNRC Senior Resident Inspector, HBRSEP
(w/Enclosures including 1 copy of Plant Emergency Plan and procedures)

H. B. Robinson Steam Electric Plant, Unit No. 2
Revisions to Plant Emergency Procedures

The Emergency Preparedness (EP) procedure upgrade is an initiative to provide restructured and more user friendly emergency procedures. The change is largely administrative, and designed to enhance the overall structure of the procedures. A facility-based and, where appropriate, function-based approach is used to make locations of various procedures more intuitive to the user. Procedure efficiency is improved through reduction in the total number of procedures, consolidation of common sections into one generic section, improved format, and a "quick start guide" to aid personnel in start up duties.

In general, the information previously in the superseded Plant Emergency Procedures (PEPs) was incorporated directly into the new Emergency Procedures (EPs). A matrix which relates procedure locations to the procedures consolidated is attached for reference. Procedures are structured with a "parent" level document (e.g., Technical Support Center (TSC) Procedure -00) and position-specific or function-specific sections (e.g., TSC-01, TSC-02, etc.) within the parent procedure. Each section is controlled as an individual document with its own cover sheet, list of effective pages, and approvals to make procedure maintenance less difficult. Common references, responsibilities, and precautions are included at the parent level where these items are consistent with guidance in the plant procedure writer's guide.

Procedure comments previously collected, changes to the plant, and to the Emergency Preparedness program were incorporated. These changes include:

1. Deletion of the Logistics Support Director position and the resultant transfer of responsibilities and staff to the Administrative and Logistics Manager,
2. Consolidation of the Support Services functions, Craft/Equipment and Financial/Vendor, to one position,
3. Relocation of the Joint Information Center (JIC) media briefing area from the JIC trailer to the second floor of the Southern Region Office at the same location, and
4. Minor changes, such as room numbers, required by the renovation of the classrooms in the Technical Support Center/Emergency Operations Facility.

Procedure Consolidation Matrix

New Procedure	New Procedure Sections	Procedures Consolidated
EPPRO-00 “Emergency Preparedness Program and Testing”	EPPRO-01 “Program and Responsibilities”	PEP-001 “Emergency Preparedness Program and Testing”

H. B. Robinson Steam Electric Plant, Unit No. 2
Cross-Reference of Plant Emergency Plan Revisions with Affected Sections

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
Entire Plan	Change "Robinson Nuclear Project Department" and other plant references to "H. B. Robinson Steam Electric Plant, Unit No. 2."	Consistency with other procedures.
Entire Plan	Add "Control Room-" to Shift Supervisor title.	Reflect current title.
2.3	Delete reference to Corporate Emergency Plan.	Document was deleted with deletion of Corporate Emergency Preparedness (EP) organization. All Emergency Preparedness responsibilities are on-site.
2.10	Delete "for interim use and comment."	Document has been finalized.
2.15 (new)	Added new reference to Engineering Evaluation (EE) 94-079, Administration Building Public Address (PA).	Exception to backup power supply for PA system taken for the Administration Building.
4.1.11, 4.1.13	Add acronym or "also known as" description for terms.	Enhance definitions.
4.2	Add abbreviations for Forward Emergency Operations Center (FEOC) and State Emergency Operations Center (SEOC).	Define terms used in plan.
Entire Plan	Change references from "Plant Emergency Procedures" to "Emergency Procedures."	Procedure upgrade project.
Fig. 5.1.1-3	Add figure.	Item is referenced later in the plan.
5.1.3.1	Delete "or existing ones modified."	No longer applicable.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
5.1.3.1.2, 4th paragraph	Delete "company organization which provides that support during normal operations" and add "other CP&L Nuclear facilities." Change "At the Corporate level," to "At CP&L Nuclear Facilities." Delete third and last sentence.	Reflect staffing after company reorganizations.
5.1.3.1.3, 2nd paragraph	Add "response" to "emergency facilities."	Consistency of references.
5.1.3.1.4, 1st paragraph	Add "Organization" to "Emergency Response member."	Consistency of references.
5.1.4	Delete "Plant" from title, change "Emergency plan" to "The Plan."	Consistency of references.
5.2.4, 4th paragraph	Add "Joint Information Center" to the facilities to be activated at a Site Area Emergency.	Complete list of facilities which will be activated.
5.2.5, 4th paragraph	Add "Response sequence to off normal conditions are shown in Figure 5.2-1."	Add reference to figure.
5.3.2, 2nd paragraph	Delete "annual" from "annual exercise."	Delete reference to frequency. Frequency is specified in 10 CFR 50, Appendix E.
5.3.2, 5.3.3	Change OnSite to On-Site.	Consistency.
5.3.2.2.3	Delete Logistic Support Director section	Position has been deleted with responsibilities, duties and staff now shifted to the Administrative and Logistics Manager.
5.3.2.7, 2nd paragraph	Change "Logistics Support Director" to "Administrative and Logistics Manager."	Position has been deleted with responsibilities, duties and staff now shifted the Administrative and Logistics Manager.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
5.3.2.12	Delete first and fourth sentence, and reference to the Logistics Support Director.	Support Services position has been combined into one position. The Technical Support Center (TSC) Logistics position has been deleted with responsibilities, duties and staff now shifted the Administrative and Logistics Manager.
5.3.3.1.2	Add "and the Site Emergency Coordinator."	To address the TSC responsibilities added to the Administrative and Logistics Manager.
5.3.3.2.1	Revise Company Spokesperson responsibilities for review of press release.	To agree with procedure guidance.
5.3.4.1.4	Add "operate the 24-hour Warning Point for the State of South Carolina."	Reflect new configuration of South Carolina emergency response organization.
5.3.4.1.11	Add "backup" to Warning Point.	Reflect new configuration of South Carolina emergency response organization.
5.3.4.2.2	Delete "Operate the county warning point on a 24-hour basis."	Now operated by the Darlington County 911 Center.
5.3.4.2.3	Add new step for Darlington County 911 Center.	More accurately reflect Darlington County emergency response facilities.
5.3.4.5.2	Delete "that provided by."	Administrative change to correct grammar.
Fig. 5.3.1-1	Change "Radiation Control Technicians" to "Technician," and number to "1."	Reflect current on shift staffing and previous revision to the Emergency Plan.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
Fig. 5.3.2-1	1) Delete Logistics Support Director. 2) Show Emergency Security Team Leader and Support Services reporting to the Administrative and Logistics Manager. 3) Combine specific Support Services positions into one generic Support Services position.	1, 2, 3) Reflect changes due to consolidation of the Emergency Response Organization.
Table 5.3.2-1	1) Revise operations titles. 2) Delete numbers in front of H. B. Robinson Steam Electric Plant (HBRSEP), Unit No. 2 titles. 3) Add "(ERM)" to description for *** definition.	1) Reflect current operations organization titles. 2) Consistency. 3) Designate the Emergency Response Manager as the EOF director.
Table 5.3.5.1	Add "Joint Information Center" to offsite list and change "Wilson Clinic" to "Wilson Medical Center."	Complete and update the list of response organizations.
Figure 5.3.5-1	Add "Control Room" to Shift Supervisor title.	Agree with current organization titles.
Figures 5.3.5-2, 3, 4, 5, 6	Delete "Robinson" from Emergency Response Organization (ERO) position titles.	To agree with current ERO titles.
5.4.2.3	Spell out "PC" as "personal computer."	Make reference more specific.
5.4.2.4	Change reference to "EPRAD-01."	Reference the procedure for environmental monitoring.
Fig. 5.4.4-1	Delete figure, and reference similar figure (i.e., Figure 5.1.1-2).	Redundant figures.
5.4.4.1	Delete "(Emergency Response Manager after EOF is activated)"	Site Emergency Coordinator will declare the emergency classifications.
5.4.4.2.2	Add "for persons in the protected area."	Clarify extent of accountability.
5.4.4.3	Change items 1, 2 and 3 below the fourth paragraph to bullets.	Preserve proper numbering sequence.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
5.4.4.3.1	Delete "Emergency Worker dose limits are as follows:"	Redundant statement
5.4.4.4	Reword step.	Clarify intent of step.
5.4.4.4.1	Correct title of Health Physics Procedure (HPP) - 004, "Radiological Control of Tools and Equipment," add title for HPP-005, "Control of Personnel Decontamination Techniques."	Correct reference, upgrade plan.
5.4.4.6, 5th paragraph	Delete references to locations from which the counties will activate the sirens.	Locations to change with upgrade to siren system. Activation details are contained in the county plans.
5.4.4.7.1	Delete references to "calendar" throughout.	Information may be provided by alternative, more efficient means.
5.4.4.7.1, 4th paragraph	Change reference to "Corporate Communications Department implementing provisions for a number of phones" to "Joint Information Center."	Transfer of responsibility for Joint Information Center (JIC) functions from Corporate to the site.
5.4.4.7.2, 2nd paragraph	Change "meteorology" to "meteorological."	Proper grammatical use.
5.4.4.7.3	Change "Figure 5.4.4-1" to "Figure 5.1.1-2."	Correct reference.
Table 5.4.3-1	Delete references to Abnormal Operating Procedure (AOP)-002, "Emergency Boration," and AOP-027, "Operation with Degraded System Voltage."	Procedures have been deleted; appropriate response is provided by existing procedures.
5.5	Add reference to Federal Telecommunications System (FTS)-2000 System, change "Carolina Power and Light microwave" to "Caronet."	Update list of communications capabilities.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
5.5.2, 2nd paragraph	Change the "entire building load" to "vital building loads."	Only select loads are powered from the Personnel Access Portal (PAP) Diesel Generator.
5.5.5	Revise wording to delete "Bell System."	Clarify structure of the system.
5.5.6.5	Capitalize "center."	Correct title.
5.5.12	Change reference from Environmental Monitoring Procedure (EMP)-005, "Environmental Emergency Kit Inventory," to Radiological Surveillance Test (RST)-003, "Emergency Kit Inventory."	Correct reference.
5.5.7.6, 2nd paragraph	Add "and" after "analyses," and delete parenthesis.	Correct sentence.
Table 5.5.0-1	Change JIC location to Southern Division Operations Building.	Agree with location described in section 5.5.5.
Table 5.5.7-1	Change PATH to DATA.	Correct typographical error.
Table 5.5.7-3	Change name of R-3 to "PASS Panel."	Engineering Service Request (ESR) 95-0520, "Remove Covered Walkway and Relocate RCA Entrance/Exit to First Floor of Turbine Deck."
Table 5.5.7-5	Add "from" to Station 26 description.	Correct typographical error.
5.6.1.1	Add list of positions requiring an Annual Re-Qualification Checklist.	Add detail to describe which positions must complete an annual requalification checklist based on NRC review comments on Revision 32 of the Emergency Plan.
5.6.1.2.1, 1st paragraph and Medical Emergency Drill bullet	Change "annual exercise" to "an exercise."	Delete reference to frequency. Frequency is specified 10 CFR PART 50, Appendix E.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
5.6.1.2.2	Delete "An emergency exercise will be conducted..." and add "Periodic exercises will be conducted as required by 10 CFR, Part 50, Appendix E. These exercises will be based on a scenario which is ultimately declared as at least a Site Area Emergency." Change frequency which all elements will be tested within from "5" to "6" years.	Add reference to frequency as specified in 10 CFR Part 50, Appendix E. Schedule for site demonstration of objectives has been altered such that it coincides with offsite requirements (i.e., every 6 years) as referenced in NUREG-0654, "Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants, Revision 1, Supplement 1."
5.6.1.3.3	Change "the annual" to "an exercise" and change "the" to "other."	Delete reference to frequency. Frequency is specified in 10 CFR 50, Appendix E.
5.6.2.1	Change approval authority from "Plant General Manager" to "Manager - Regulatory Affairs."	Reassignment of procedure approval responsibilities.
5.7.2.2	Change "General Manager" to "Plant General Manager."	Consistency; agree with the title on the organization chart.
5.7.2.4	Change title of section to "Engineering Manager," revise description to denote that the position will normally be staffed by Robinson Engineering Support Section management.	Consistency and agree with the current organization and staffing philosophy.
5.7.2.6	Change "Plant Services Section" to "Site Support Services Section."	Agree with current organization.
Attachment 6.1, A.1.1	Add exception for the Administration Building Public Address power supply.	Building is powered from off site power.
Attachment 6.1, A.1.7	Add "OSC" to areas with Emergency Response Facility Information System (ERFIS) computer information system.	Reflect Emergency Data system (EDS)/ERFIS capability in the Operations Support Center (OSC).

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
Attachment 6.1, A.2.5	Delete item.	Corporate Emergency Communications Network no longer exists. Functions now performed by the Caronet System and automatic ring-down circuits.
Attachment 6.1, A.2.9 (new)	Change "Dedicated Shutdown Area" to "Work Control Center."	Reflect change in location for outside auxiliary operators.
Attachment. 6.2, page 1	Delete signature page.	Based on corrective action for a deficiency; form has little value added.
Entire Attachment 6.5	Change references to "Wilson Medical Center."	Reflect name change.
Attachment 6.5, E.1, 5th paragraph	Change references to "North Carolina Memorial Hospital."	This hospital represents only one of many options for advanced treatment of radiological injuries.
Attachment 6.7	Upgrade to new procedure titles, delete EMP-005, "Environmental Emergency Kit Inventory."	Procedure upgrade; procedure has been deleted with information incorporated into RST-003, "Emergency Kit Inventory."
Attachment 6.8, page 1 of 5	Line A-4, delete "5.3.2.2.3." Line B-7C, change comma to period. Line D-1 and D-2, delete "Chapter 2" and add "5.2, Attachment 6.9."	Reflect changes to plan text.
Attachment 6.8, page 2 of 5	Line F-1E, change "5.3.2.2.3" to "5.3.3.1.2."	Reflect changes to plan text.
Attachment 6.8, page 3 of 5	Change "Figure 5.4.4-1" to "Figure 5.1.1-2."	Reflect changes to plan text.

<u>PLAN STEP</u>	<u>REVISION</u>	<u>REASON FOR REVISION</u>
Emergency Action Levels (EALs) - 1, F- 9, F-11, I-4, I- 10	Change "PEP-105" to "EPCLA-01" on kick-out.	Emergency Preparedness procedure upgrade. Procedure titles were changed from Plant Emergency Procedures to Emergency Procedures. Procedures are now organized to be facility based.
EAL - 2, A-2, C-5, C-9, I-7, I-11(2), I-12	Change "PEP-105" to "EPCLA-01" on kick-out.	Emergency Preparedness procedure upgrade. Procedure titles were changed from Plant Emergency Procedures to Emergency Procedures. Procedures are now organized to be facility based.
EALs -2, A-4	Change "PEP-302" to "EPRAD-03" on kick-out.	Emergency Preparedness procedure upgrade. Procedure titles were changed from Plant Emergency Procedures to Emergency Procedures. Procedures are now organized to be facility based.
EALs - 2, Unusual Event Matrix, Column H, new item 5	Added new item 5, "SPENT FUEL SHIPMENT RAIL CAR DERAILMENT WITHIN THE 1400 FOOT SITE BOUNDARY." Other items below renumbered.	To provide continuous Emergency Plan coverage for the spent fuel shipment rail car. Spent Fuel Shipping Plan coverage begins at the site boundary (i.e., 1400 ft. radius). Previously, Emergency Plan coverage ended at the site Protected Area Boundary.
