Gina,

The staff will meet internally today to discuss the seismic review and your meeting request.

I started to take care of some of the logistics for a follow-up public meeting on June 19, 2014.... So please plan on that date for now. I will let you know if today's internal meeting results in a change to that plan.

Thanks,

Perry Buckberg

Subject: Request for Seismic Meeting on June 19

Hi Perry,

As we discussed in our meeting on May 22, Dominion would like to have another face-to-face seismic meeting with the NRC. We propose that the meeting be scheduled for a full day on Thursday, June 19. The purpose of the meeting is to discuss the following:

1. Draft RAIs that were not discussed on May 22
2. Changes to, or additional information regarding, proposed responses to the draft RAIs that were discussed on May 22, based on feedback from the NRC during the meeting
3. Results of sensitivity studies that have been conducted
4. Results of Modified Subtraction Method Benchmarking study
5. Proposed dates for responding to RAIs
6. General plans for addressing NRC issues and completing NRC review

Would you please confirm this request, and let me know if the staff would like to cover any other topics?

Regards,

Gina Borsh
