SUBJECT: NRC OFFICE OF INVESTIGATIONS REPORT NO. 1-2013-014

Dear Mr. Gregory:

This letter refers to an investigation conducted by the U.S. Nuclear Regulatory Commission (NRC), Office of Investigations (OI). The investigation was initiated on April 26, 2013 to determine if a senior quality assurance engineer was subjected to discrimination by management at System One Services (System One) and Westinghouse Electric Company (Westinghouse) for raising safety concerns. OI conducted interviews with staff at System One and Westinghouse and reviewed various documents to examine the facts and circumstances of the case. Based upon the evidence developed during the investigation, the NRC did not substantiate the above allegation.

In accordance with Title 10 of the Code of Federal Regulations (10 CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter, its enclosure, and your response, if any, will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (i.e., the Public Electronic Reading Room).

You should note that final NRC documents, including final OI reports, may be made available to the public under the Freedom of Information Act (FOIA) subject to redaction of information pursuant to the FOIA. Requests under the FOIA should be made in accordance with 10 CFR 9.23, Request for Records. The instructions for making a request for information under the FOIA are accessible at <http://www.nrc.gov/reading-rm/foia/foia-request.html>.
