SUMMARY
NRC Participants: John Vera.
GEH Participants: Kendall McGowan, Jerald Head, Gerry Latter, Cindy Fung Poon, Carl Hinds, Scott Murray.
GEH was informed by NRC (John Vera) email on June 26, 2014 that their submittal for a special authorization for shipment of an irradiated sample in the Model No. 2000 package did not contain sufficient information to be considered for review, and that staff intended to reject the request unless properly supplemented. GEH called to clarify what information would constitute and acceptable submittal. Staff discussed the type and format of information needed for the technical review based on the particulars of the requested shipment. GEH stated that they had the necessary information and would supplement the submittal by June 30th, 2014.
