Peter and George,

At the 1/30/2014 Group C closure plan meeting, we discussed the I&C Tech Specs with Craig Harbuck. He indicated that the remaining work could best be extracted from three sources:

- Action items from the October 2011 audit
- Action items from the January 2013 audit
- His comments on the proposed re-write of the I&C Tech Specs from 2013

We have the third item. We do not have the first two items. At the 1/30/14 meeting, Craig indicated that the audit report for the 1/13 audit was in processing and he wasn't sure if the 10/11 audit report was ever issued.

Will you please provide the audit reports for these two audits (October 2011 and January 2013 audit of U.S. EPR I&C Tech Specs). Craig Harbuck seems to be the most knowledgeable about these. This will help us move forward. Thanks.
