REVISED SUBMITTAL DATE FOR ROBINSON INTEGRATED SCHEDULE

Gentlemen:

The purpose of this letter is to inform you of a revised submittal date for the Robinson Integrated Schedule, a component of Corporate Improvement Initiative CII-9, described in our November 30, 1992 letter. Carolina Power & Light Company (CP&L) has made substantial progress in the development of an Integrated Scheduling Program, and views this as a powerful tool for the scheduling of both regulatory-required and Company-driven initiatives.

Additional time is required to further refine the Robinson Plant submittal because the effort required to pull information together into a cohesive document has been greater than originally anticipated, given that this is CP&L's first submittal of an Integrated Schedule to the NRC. The date for this intermediate milestone is being adjusted; accordingly, the Robinson Integrated Schedule will be submitted by June 1, 1993. The overall completion date for Corporate Improvement Initiative CII-9 is unchanged, with completion scheduled for October 1993.

Questions regarding this matter may be referred to Mr. R. W. Prunty at (919) 546-7318.

Yours very truly,

R. A. Watson
