Dear Tom:

Reproduction of Proprietary Reports by the NRC

In a telephone conversation on June 23, 1993 between you and Bob Copeland of SPC, you stated that the NRC was concerned that the disclaimer in Siemens Power Corporation proprietary reports prevented the NRC from making copies of these reports for their internal use. The following statements can be submitted to the NRC. "The NRC may make copies of these proprietary reports for their own usage. The reports and copies should be treated as proprietary and withheld from public disclosure. The affidavits submitted with the original transmittal should be applicable to satisfy the requirements of 10 CFR 2.790(b) for withholding the copies."

If there are questions, or if additional information is needed, please contact Bob Copeland at (509) 375-8290.

Very truly yours,

H. G. Shaw
Contract Administrator
