Mr. David Precht
Plant Manager
Columbia Fuel Fabrication Facility
5801 Bluff Road
Hopkins, South Carolina 29061

Dear Mr. Precht:

Please accept my sincere thanks for hosting a visit to your fuel fabrication facility on June 24th for auditors in my office. The Office of Inspector General for the Nuclear Regulatory Commission (NRC) provides both performance and compliance audits of the NRC which requires the auditors to have first-hand knowledge of the nuclear industry. Members of your staff (Wayne Septiko, Nancy Parr, and Carl Snyder) did an outstanding job providing a briefing and then a very informative tour of the fuel fabrication plant. This was a tremendous learning experience for the auditors and provided them with knowledge that will be helpful in selecting, planning and conducting audits of the NRC.

I am enclosing a brochure that outlines the role of my office in providing oversight of the NRC via the auditing process.

Sincerely,

Hubert T. Bell */RA/*

Mr. Ron Jones
Vice President, New Nuclear Deployment
VC Summer Nuclear Station
PO BOX 88 – MC 800
Jenkinsville, SC 29065

Dear Mr. Jones:

Please accept my sincere thanks for hosting a visit to the V.C. Summer 2 & 3 new reactor construction site on June 25th for auditors in my office. The Office of Inspector General for the Nuclear Regulatory Commission (NRC) provides both performance and compliance audits of the NRC which requires the auditors to have first-hand knowledge of the nuclear industry. Members of your staff (Findlay Salter and Bobby Bartley) did an outstanding job providing a briefing and then a very informative tour of the site. This was a tremendous learning experience for the auditors and provided them with knowledge that will be helpful in selecting, planning and conducting future audits of the NRC.

I am enclosing a brochure that outlines the role of my office in providing oversight of the NRC via the auditing process.

Sincerely,

Hubert T. Bell */RA/*
