**Re: Approval to Use Tracer Chemicals in Bio-stimulation Test, Mine Unit 4, Permit 633, Cameco Resources, Smith Ranch-Highland Operations, Associated with Change No. 53.**

Dear Mr. Garoutte:

Land Quality Division (LQD) District 3 has reviewed the additional information submitted in a cover letter dated July 18, 2014. This letter requests the approval to add two chemicals not mentioned in the January 3, 2014 approved proposal to conduct a Bio-stimulation test in Mine Unit 4. This additional information is satisfactory to LQD District 3 review.

With receipt of this letter, Cameco may begin the Bio-stimulation Test in Mine Unit 4.

Please feel free to contact me if questions or concerns arise.

LQD recognizes this document is associated with Change No. 53 and will file the documents in Volume VI.

Respectfully,

Miles Bennett

Uranium Coordinator
