Atomic Safety and Licensing Board to Take Public Comment Aug. 18, Hold Hearing Aug. 19 on Dewey-Burdock Uranium Recovery Facility

A Nuclear Regulatory Commission Atomic Safety and Licensing Board will hold a hearing Aug. 19 in Rapid City, S.D., concerning challenges by the Oglala Sioux Tribe and others to Powertech's Dewey-Burdock uranium recovery facility in Custer and Fall River counties in South Dakota. The Board is the independent body within the NRC that conducts adjudicatory hearings and renders decisions on legal challenges to licensing actions. The NRC issued Powertech a license for the facility in April 2014.

Evidence to be presented in the hearing will address seven contentions on the license and the environmental impact statement prepared by NRC staff.

The hearing, which begins at 9:00 a.m., will be held at the Hotel Alex Johnson, 523 Sixth St. in Rapid City, and continue through Aug. 21. Members of the public and media are welcome to observe the evidentiary hearing, but participation will be limited to the parties and their lawyers and witnesses. Those planning to attend the evidentiary hearing should arrive at least 15 minutes early to allow time for security screening, including searches of hand-carried items such as briefcases or backpacks. No signs will be permitted in the courtroom.

The Board will also take comments from interested members of the public, known as limited appearance statements, on Aug. 18, from 11 a.m.-2 p.m. and from 5-8 p.m. at the Mueller Civic Center, 801 S. 6th St., in Hot Springs, S.D. These statements are not testimony or evidence, but they nonetheless may aid the Board and/or the parties in considering the issues in the hearing. Speakers will be allotted five minutes each for their statements, but the Board may limit that time to ensure everyone has an opportunity to speak.

Those interested in speaking may request time prior to or during the limited appearance sessions. Requests submitted beforehand will be given priority. Members of the public may submit written requests to make an oral statement, specifying the midday or evening session, until 5 p.m. EDT (3 p.m. MDT) on Friday, Aug. 8. Requests may be sent:
