Subject: RE: AMENDMENT REQUEST RECEIVED APRIL 25, 2014

Jackie,

I still want to pursue. We are waiting for the approval before it can be shipped to us, but it has been purchased, so we didn't lose the funding. I will get you the information as soon as I can.

Thanks.

Subject: AMENDMENT REQUEST RECEIVED APRIL 25, 2014
Importance: High

Good Morning Ms. Roberts:

I have been assigned to do the technical review on your amendment request received April 25, 2014, to add a Ra-226 sealed source. In your amendment request you stated that you wanted this amendment processed by June 1st; however, as you can see we were not able to meet that deadline. Please note that it takes 90 days from the receipt of a licensing action to be processed and issued.

Please confirm if you still want to pursue this amendment request. If so, please submit documentation or sealed source and device registry sheet from the manufacturer showing that this sealed source has been approved for use by the Canadian Regulatory Authority, the NRC, or Agreement State, as appropriate. Please submit this information to me by Wednesday, July 23, 2014.

Please do not hesitate to contact me at your convenience at the phone number or email address specified below if you have any questions regarding my request by COB tomorrow, July 18th. Please note that I will be on travel Sunday, July 20-Wednesday, July 23, 2014, returning to the office on Thursday morning, July 24, 2014.

Sincerely,

Ms. Jacqueline "Jackie" D. Cook
Senior Health Physicist
