Subject: RE: KI Replenishment for New Hampshire

Hello,

As the lead "KI" "point person" for the agency, I am responding to the email you sent to Annette regarding future replenishment beyond this current cycle. In STAFF REQUIREMENTS – SECY-09-0041 – RECOMMENDATION FOR FUTURE REPLENISHMENT OF POTASSIUM IODIDE, the Commission directed the staff to " modify its potassium iodide (KI) distribution policy from a one-time replenishment action to one providing KI tablets to affected States that request them and replenishing KI tablet stockpiles upon States' requests consistent with the tablet shelf life."

It is the staffs' expectation that the KI program will be funded beyond this current replenishment cycle.

I hope this is helpful.

Best regards,

Trish

Good morning Ms. Stang,

Thank you for confirming our request for KI shipment to be distributed to our Radiological Emergency Response Program partners. One of the questions raised by our RERP partners is whether NRC will continue its KI distribution program to the States in the future.

Thank you for your input on this question..

Hi Mr. Locke,

This e-mail confirms your request for KI to be delivered to 29 Hazen Drive and I will pass on the delivery instructions to our contractor. You will be contacted directly prior to delivery to re-confirm delivery instructions.

Have a nice 4th of July!

Annette,

I wish to confirm that the KI should be delivered to my work address as previously stated. (DHHS Building, 29 Hazen Drive, Concord, NH 03301-6504) The shipment will be dropped off on the Lower Level Loading Dock, and I or another responsible individual will be waiting there to receive and sign for the delivery. Please provide the shipper with my contact information so that they may let me know when they are close to their destination. Thank you for all of your help in coordinating this delivery

Good Afternoon Mr. Locke,

We are currently placing the orders for KI tablets for the State of New Hampshire and I would like to confirm that the delivery address and POC are the same as stated in the e-mail below from last year. Please let me know if you have any specific instructions for delivery.

Thank you very much.

Annette,

It was good to talk to you yesterday. As agreed during that phone call, we will be pleased to accept the KI replenishment as offered. I will continue as your point of contact until it is determined to be otherwise. The delivery and eventual storage location of the shipment will also continue to be the same as my address, which is listed below with my other contact information. Augustinus Ong has replaced Dennis O'Dowd as the Radiological Health Section Administrator, and should be cc'd on all future communications relating to KI. Victoria Carrier will be responsible for storing and maintaining the KI, and should also be kept informed as to future plans and developments.

Thank you for coordinating and facilitating this operation for us.
