Margie Kotzalas, Chief
FSME/MSSA/LISD/LB
Mail Stop: T8E24
U.S Nuclear Regulatory Commission
Washington, DC 20555

Dear Ms. Kotzalas

By this letter and affidavit, I am requesting that the information contained on the following pages transmitted in confidence as part of Owensboro Industrial Company, LLC's (OIC) Application For Materials License be withheld from public disclosure pursuant to Title 10 of the Code of Federal Regulations (10 CFR) 2.390.

Affidavit Pursuant To 10 CFR 2.390:

I, Mark G. Dohrenwend, Engineer for Owensboro Industrial Co., LLC affirm that

- The following information is owned and been held in confidence by OIC.
- The disclosure of this information to the public would likely cause substantial harm to OIC by freely releasing process and product design information that we consider privileged commercial information allowing competitors to take advantage of OIC's information. Release of the information is likely to reduce the competitor's expenditure of resources for design, development of process to manufacture a similar product.
- This information is being transmitted to the NRC voluntarily and in confidence.
- This information is not available in public sources.

Please contact me if you have any questions.

Best regards,

Mark Dohrenwend
Radiation Safety Officer and Engineer
Owensboro Industrial Co., LLC

AFFIDAVIT

Before me, the undersigned authority, personally came and appeared Mark Dohrenwend, a person of lawful age, who, after being fully sworn, did depose and state as follows:

My name is Mark Dohrenwend and I am over the age of 21 (52) and am a resident of Owensboro, Kentucky. I hold a Bachelor of Science in Mechanical Engineering degree issued by Purdue University, Lafayette, Indiana.

I, Mark G. Dohrenwend, Radiation Safety Officer and Engineer for Owensboro Industrial Co., LLC affirm that

- The proprietary information (Reference Docket 030-38740) submitted is owned and been held in confidence by OIC.
- The disclosure of this information to the public would likely cause substantial harm to OIC by freely releasing process and product design information that we consider privileged commercial information allowing competitors to take advantage of OIC's information. Release of the information is likely to reduce the competitor's expenditure of resources for design, development of process to manufacture a similar product.
- This information is being transmitted to the NRC voluntarily and in confidence.
- This information is not available in public sources.

This Affidavit is made on my own personal knowledge based upon firsthand knowledge and experience in performing these and similar functions for over twenty (20) years.

Further, the Affiant sayeth not.

Mark Dohrenwend

 Radiation Safety Officer
 8/4/2014

STATE OF Ky)
 COUNTY OF DAVIESS) ss.

The foregoing Affidavit was acknowledged, subscribed and sworn to before me by Mark Dohrenwend to me known to be the person who did execute the same and did acknowledge the same as his free act and deed.
